

SOKNO RAILTRAIL

KNOXVILLE, TENNESSEE

ABOUT THE TRAIL

The SoKno Rail Trail & Art Walk is a 3.8-mile rail-to-trail project connecting Chapman Highway to Ijams Nature Center. The Art Walk will be a vibrant 1.5-mile segment of the trail, from Chapman Highway to Island Home, integrating art, nature and recreation into an accessible experience for all. Specially commissioned art pieces will showcase works by local, regional and nationally renowned artists. The SoKno Rail Trail and Art Walk is a project by Legacy Parks in collaboration with Gulf and Ohio Railway, City of Knoxville, and Dogwood Arts.

ABOUT LEGACY PARKS

Legacy Parks is an East Tennessee nonprofit that works to conserve our natural resources, create public places, and connect communities. Over the past 20 years, Legacy Parks has raised over \$32 million for parks, trails and open space, expanded access to waterways, and inspired people to enjoy the outdoors across East Tennessee.

Let's Start Your Engine!

Help Island Home Park Neighborhood Association raise \$15,000 to place a historic locomotive at the Island Home Avenue pocket park on the SoKno Rail Trail and Art Walk!

The locomotive will sport a new, colorful mural and serve as an iconic landmark on the SoKno Art Walk. It will be placed at the midpoint of the trail at Island Home Avenue.

The mural will be painted by Pat Perry, known for his large-scale public murals that combine surrealist, whimsical elements with themes of human connection and social justice.

Murals by Pat Perry
